Principal's Notes

**February Character Trait:
COURAGE**

What is Courage?

Doing the right thing in the face of difficulty and following your conscience instead of the crowd.

Attendance:

Please commit to making sure your child attends school every day possible this year. The evidence is clear: children with good attendance are more likely to be successful in school. Every day counts. Missing school even 10% of the time has a significant negative impact on reading and math achievement as children progress through school. Specials (Art, Music, and PE) are also very important to attend. Thank you for all you do to support your child's school success and well-being, as well as our school.

Co-Presidents' Corner

Dear Livsey Family,

We are sometimes without words of how to continue to respond to all the challenges that this school year has brought to us. It has not been ideal in so many ways, but we are thankful for the hard work and dedication of our Livsey staff.

We are also thankful for our parents, family members, and friends that have gone the extra mile to help their students to learn and grow during this season.

We are excited to do some "virtual" celebrating with our classes on February 12th, for our annual Valentines Day parties. Your teachers will be in contact with you and your student about how the parties will be carried out.

Please join us for the General PTO meeting February 8th at 7pm, via Zoom, link provided below (in PTO General Board Meeting section). We will be sharing more about our PTO and some ways we want to support our teachers and staff.

As always, we want you to know that you are not alone, and if you ever have any questions, please don't hesitate to contact us directly.

Have a great February!

With Livsey Love,
 Alisha Etheredge & Kate Ward

Valentine's Day Classroom Parties

Friday, February 12
Virtual Parties - Teachers will notify you!!!

Presidents' Day

Monday, February 15 - No School

Health and Wellness

January's Harvest of the Month is Cruciferous Vegetables

Cruciferous Vegetables

**Cruciferous vegetables are members of the Brassicaceae family.
CABBAGE, BROCCOLI, CAULIFLOWER**

Cruciferous vegetables are often known for their distinct odor when cooked by certain methods, but when cooked with less water and lower heat methods, the smells are kept to a minimum and the nutrients are kept to a maximum.

Many vegetables evolved from the original wild cabbage, including broccoli, Brussel sprouts, cauliflower, kale, and kohlrabi.

GEORGIA
grown

Cabbage is in season in Georgia from October through July while broccoli and cauliflower are in season in late fall through spring if protected properly in the winter months.

Cabbage is one of Georgia's 2018 Farm Gate Value Report's top 10 vegetables produced in Georgia.

South Georgia's climate allows for an extended broccoli growing season through the winter while north Georgia's climate allows for broccoli to be grown into late spring.

Cauliflower can be a bit more challenging to grow in Georgia than the other members of this group, but its popularity is on the rise as it is used to create "steaks", "rice", and pizza crusts on menus.

Fueling Georgia's Future
